

# Spay & Neuter Program Frequently Asked Questions

## What is San Juan Animal League doing for Spay/Neuter?

We contract with different veterinary teams to ensure affordable spay and neuter services are available to all San Juan County residents on an ongoing basis.

## How long is the wait?

Cat clinics take place once a month, and typically we can get you into the next one. Dogs are done every Tuesday and Thursday, typically there's about a 2 week wait.

## Where does the surgery take place?

Cats are altered at Dogster's Mobile S/N Clinic with Dr. Heather Perkins, DVM. We set up the mobile clinic at McGee Park in building #15.

Dogs are altered at Paw Prints Pet Vet, 510 W Blanco, Bloomfield with Dr. Shayna Whitaker, DVM.

## How do I sign up?

You can sign up on our website at: [www.SanJuanAnimalLeague.org](http://www.SanJuanAnimalLeague.org). First you pick a date that works for you, then pay using a credit card. If you'd rather sign up in person or by mail, you can download the necessary form and information from our website or pick it up in person from Canine Castle, 1909 E Mohave St in Farmington.

## How much does it cost?

\$100 for Dogs

\$ 45 for Cats

## Are there any specials?

We have received a grant from Spay Colorado which pays a portion of the cost of the surgery for any Pit bull or Pit mix. For a limited time we are offering spay and neuter surgeries for Pitties or Pit mixes for only \$55!!

## Can my pet get vaccines or a microchip?

Yes! Vaccines, microchips and some basic tests are available during your pets spay/neuter appointment.

## What if I need help with cats in my neighborhood that aren't mine?

We can help with that too! Since free-roaming cats are so vital at keeping down the rodent population we work to ensure they don't reproduce or spread disease. If you have cats wandering your neighborhood, give us a call (505) 325-3366 and we'll help get them altered.
